WATER COMPANY, AN ARIZONA
CORPORATION, TO EXTEND ITS
EXISTING CERTIFICATE OF
CONVENIENCE AND
NECESSITY AT CASA GRANDE,
PINAL COUNTY, ARIZONA

DOCKET NO. W-01445A-05-0469

COMPLIANCE FILING

Decision No. 68607, which was entered in this docket on March 23, 2006, directed Arizona Water Company (the "Company"), the Applicant in this docket, to file certain items as a compliance filing within certain time frames provided in the Decision. A factual background/compliance timeline is as follows:

- 1. Decision No. 68607 approved an extension of the Company's Certificate of Convenience and Necessity ("CCN") to include areas identified as parcels 1, 3, 4, 5, 6, 7 and 8; the Company was required to file copies of Certificates of Assured Water Supply ("CAWS"), Approvals to Construct ("ATC") and Main Extension Agreements ("MXA") for Parcels 3, 4, 5, 6, and 7 within two years of the entry of the Decision.
- 2. On February 12, 2007, the Company filed in this docket a copy of the required CAWS, ATC and MXA for Parcel 6, complying fully with Decision No. 68607.¹

¹ Decision No. 68607 did not require any compliance items for Parcel 1. The Decision granted an Order Preliminary for Parcel 8, and AWC was required to obtain a consent, franchise, or permission from the City of Eloy, within one year of the date of the Decision. AWC was unable to satisfy the requirement for Parcel 8 and the Order Preliminary became null and void.
